Discussion whether city will be responsible in future to have installed. Additional comments that property owners could petition in the future to have installed.

Dave also had discussion with Xcel Energy representative that power lines to street lights up to new highway will be installed overhead, previous discussion was to put underground. Council would like Dave to make known the City would like these line to be underground installation.

Planning Commission: Held public hearing for Ordinance 23-103, no visitors attended. Commission forwarded Ordinance to council for approval.

City Clerk: Clerk Holm had meeting with Mike Schwartz from Frandsen Bank regarding moving monies to their bank. They do offer an interest bearing checking which Alliance Bank does not. The city moved a majority of its monies to 4M Fund in October 2022 and put monies into CD's earning good interest rates. This option would be to have monies local and still earning interest. Additional notes on CD's with 4M Fund, there will be a CD coming due in July of \$200,000. Clerk will also need funds to pay PFA bond payment in August and will research needs before renewing CD, first half property tax monies have been received and LGA should also be arriving soon.
